

XP RETRO MATTE

ULTRAFIT XP RETRO MATTE is simply put, mixing a new style with protection to create a paint protection film for people who wants to try something different. Keeping the advanced qualities and features of our **ULTRAFIT XP RETRO MATTE**, we have developed a matte finish film that gives you the opportunity to give your vehicle a smooth, clean appearance to alter the look of glossy paints. With a reinforced top coat, the appearance of your vehicle will not be affected by stains, yellowing and chemicals that could potentially damage the films surface, leaving you protected for the long run. **ULTRAFIT XP RETRO MATTE** has all the added features you could want, maintaining its hydrophobic and self-healing technology just like all of our ULTRAFIT products. If you are looking for a film that will stand out with a "retro" finish combined with superior protection, **ULTRAFIT XP RETRO MATTE** is the film for you.

Product Structure

Product Breakdown

Property		Results	Units of Measurement
Appearance	Gloss Value	>80% (BS EN ISO 2813)	60 Degrees
	Haze	>1%	Degree
Top Coating	Water Angle	95 Degrees (Contact Angle)	Degree
Adhesion	180 Degree (N/m)	0.8+-0.05 kgf/25mm (After 5 min)	kgf/25mm
		1.2+-0.1 kgf/25mm (After 5 hours)	kgf/25mm
		>1.5 kgf/25mm (After 24 hours)	kgf/25mm
Resistance	Water + Soap	No Detrimental Effect	N/A
	MEK(Acid)	No Detrimental Effect	N/A
	Gasoline	No Detrimental Effect	N/A
	Diesel	No Detrimental Effect	N/A
	Cabreta Cleaner(Oil)	No Detrimental Effect	N/A
	Coffee	No Detrimental Effect	N/A
Mechanical	Taber Abrasion	<3.5g (ASTM D-1044)	1000g Weight
	Tensile Strength	9000	psi
	Elongation at Break	410	%
Outdoor Weathering Test (6500W Xenon Arc)	Irradiance	0.51 W/m ² (340nm)	1000 hours
	Temperature	65°C	1000 hours
	Humidity	50%	1000 hours
